PROJECTS

SigningHub, *Document Signing Tool*

Built using **Next.js** and ASP .Net Core, SigningHub is a complete solution for document approval workflows, advanced digital signatures and document status tracking. It is designed to quickly optimize the way businesses deliver, review, approve and sign their business documents.

Talent Management and Recruitment - Holedo

Using the TMR(Talent Management and Recruitment) platform you can search for candidates, in the hospitality industry for your hotels and can hire team leaders as well by just adding them to your recruitment platform and easily manage the entire process from search to hire. Built using **React 16+**, Redux Toolkit, RTK Query and PHP

Consistent Cart, *Shopify abandoned cart recovery tool*

Leveraging multi channel marketing, consistent cart help Shopify stores recover abandoned carts. This brings a dramatic increase to sales volume. Built using **Nuxt 2** and PHP.

Kualitee, *A Test Cycle Management Tool*

Kualitee is a test management SAAS built on **Angular** - CodeIgniter. It supports multi tenant and on-prem deployment. It helps teams organize all their testing on one platform. It also serves as a defect management platform.
